Appeals from the United States District Court  
for the Southern District of Florida

---

**(April 2, 2008)**

Before ANDERSON and BARKETT, Circuit Judges, and TRAGER,<sup>\*</sup> District  
Judge.

PER CURIAM:

A number of putative intervenors<sup>1</sup> appeal from the district court’s denials of  
their motions to intervene in this case. We find no error and have resolved the  
merits of the underlying dispute. See Fla. Key Deer v. Paulison, No. 05-16374

---

<sup>\*</sup> Honorable David G. Trager, United States District Judge for the Eastern District of New  
York, sitting by designation.

<sup>1</sup> The putative intervenors are Monroe County and over fifty owners of property within  
Monroe County.

(11th Cir. Apr. 1, 2008). We note, however, that we affirm without prejudice to the intervenors' ability, should they choose to do so, to file new motions to intervene with reference to the district court's future consideration of the recently proposed "reasonable and prudent alternatives" that the Federal Emergency Management Agency adopted.
